Lifefridge for Animals, Inc.  
P.O. Box 1346  
Shelbyville, Ky. 40066

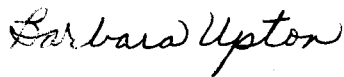

To Whom it May Concern:

As a 2<sup>nd</sup> Grade teacher at Eminence Elementary School, I have enjoyed having the Lifefridge for Animals Education Program this year in my classroom. Ms. Bottom has a wonderful manner with the students during the time she is here. Through the Lifefridge program the students have learned a lot about being responsible for pets. The books that she brings each time are very informative and everyday I will find my students reading and coloring the pictures in the books.

I also like the program because it is curriculum based. Ms. Bottom has taken a lot of time to map out the program and the lessons. Each lesson ties in with our state standards. I believe in this program and would highly recommend it to other teachers in the classroom setting. I hope that this program will continue to be a part of our curriculum here at Eminence. I look forward to continuing our partnership with Ms. Bottom and the Lifefridge Program in many years to come.

Thank you for providing this program to our elementary students.

Sincerely,

Barbara Upton
