

Lifefridge for Animals

March 27, 2010

Dear Teresa,

Thanks for the enlightening lessons to the 2nd graders of Simpsonville Elem. on being good to animals and explaining just what that means to our community.

You are a pro! The preparation and delivery of the pertinent and curriculum-based information was evident in each lesson. The children and I looked forward to your visits. I know they will be better citizens because of your efforts. Continue the good work.

Sincerely,

Jill Brown
2nd Grade teacher
